A Lecture on the nature, Treatment and Radical cure of Seminal Weakness, or Spormator-thea midued by self abuse. Involuntary endisions, impotency, nervous debility and impediments to marriage generally: piles, consumption epitepay and fits: mental and physical incapacity &c.—By ROBERT J. GULVERWELL, M. D., author of the "Green Book." &c.

The world renowned author, in his admirable Lecture clearly proves from his own experience that the awful consequences of self abase may be effectually removed without makes and without dangerous surgical operations, bassica, instruments, rings or cordials, pointing out a mode of cure of once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
